

TO: CITY OF SHAKOPEE
FROM: JEFF BROSZ – SYHA PRESIDENT
SUBJECT: PROPOSAL FOR TROPHY CASE DONATION
DATE: AUGUST 21, 2017

SYHA, Blue Line and Center Ice club would like to propose the potential construction and donation of a new trophy case locate in the Shakopee Ice Arena.

The project would be funded by SYHA, Blue Line and Center ice clubs at an estimated cost of \$14,000 and would be donated to the City of Shakopee and the Ice Arena.

The location in consulting with Troy Cierna that has been identified is in the lobby seating area back by the TV's. I have enclosed two documents showing the potential design and specification of the proposed case. In addition to a photo example of the wood, finish, glass work and lighting.

Additional Information:

- Upon conclusion of the construction the 3 associations would donate it to the City and Ice Arena. The city and ice arena would assume the exterior cleaning and repairs as necessary upon completion of the donation.
- SYHA would be the point of contact to maintain the interior of the trophy case to add or remove trophies at any point in time throughout the year. In addition SYHA would clean the inside shelves upon the conclusion of each hockey season or more as determined by the SYHA board.
- The 3 organizations also request approval to add a "donated by sign/engraved plate" on the trophy acknowledging the donation from the 3 organizations funding the project.

Thank you for the consideration on the project and donation.

Jeff Brosz
SYHA President
