Mr. Micah Heckman
Project Engineer
City of Shakopee
485 Gorman St.
Shakopee, MN 55379

Mr. Heckman,

SM Hentges and Sons would like to request a variance to the construction start time on Saturdays this 2021 fall for the Triple Crown Phase 2 Project. This new project for Doran Managment is located at Canterbury Park. The current time restriction is for a nine am start time. We would like to be able to start at eight am. Our plan is not to work every Saturday, but when the need arises due to weather, time constraints, etc, we will need the option. This variance would only apply to SM Hentges and Sons and its subcontractors and not any other contractor that may be on that project. We expect the the project to take about a year and a half.

Sincerely,

Robert Brown
Project Manager
