

Shakopee Youth Baseball Association

Request: For the City of Shakopee to allow dugout roofs at West Tahpah Field.

Details: Shakopee Youth Baseball Association (SYBA) would like to have 2 dugout roofs professionally installed at West Tahpah Field. SYBA will pay the construction costs of the dugout roofs. The current dugouts are in place and will remain the same with the addition of roofs. The dugouts will be built with similar materials and colors as the dugouts we constructed at Westminster and Green Meadows. SYBA believes red dugouts would look best to match the existing red scoreboard. SYBA and the Shakopee School teams will primarily be using the field and their team colors are also red and both have donated money towards the field. See below for more information.

Locations: Below is the location of the dugouts.

Current dugout will remain the same with addition of roof:
