

NovusAGENDA Title: Congressionally Directed Spending Award for the Riverbank Stabilization Phase I Project administered by Environmental Protection Agency
Agenda Category: Administration

Shakopee City Council
February 7, 2023

FROM: Andrea Harrell, Grants & Special Projects Coordinator

TO: Mayor and Council Members

Subject:

Congressionally Directed Spending Award for the Riverbank Stabilization Phase I Project administered by Environmental Protection Agency

Policy/Action Requested:

Adopt Resolution R2023-013, accepting Congressionally Directed Spending Award, administered by Environmental Protection Agency for the Riverbank Stabilization Phase I Project and authorizing the City Administrator to execute the necessary contracts and agreements applicable to accepting this award.

Recommendation:

Adopt Resolution R2023-013.

Discussion:

The City of Shakopee has been awarded \$3.5 million through Congressionally Directed Spending to partially fund the Riverbank Stabilization Phase I Project. Phase I of the project focuses on the riverbank stabilization and sewer line flood protection.

Budget Impact:

A 50% match is required, however, can be provided through additional non-federal grant opportunities. If additional funding is not secured, the City's Sanitary Sewer Fund and Surface Water Fund will cover the required match amount.
