

North Country GM

To handle the dynamic load of police pursuits, Chevrolet worked with Bridgestone to develop a pursuit-rated all-season tire. The Firestone Firehawk Pursuit tires, mounted to 20-inch steel wheels, were tested by Chevrolet at multiple race tracks and play a large role in the PPV's improved stopping distance, which has been reduced by 11 feet from 62 to 0 mph on dry surfaces compared to the 2020 model.

Both PPV and SSV packages benefit from the SUV's completely new design, which offers class-leading interior space. The new Tahoe police-specific front seats provide additional hip room, allowing officers' utility belts to fit more comfortably. 2021 Tahoe police vehicles offer 70.3 cubic feet of cargo volume behind the second-row seat, which is 18.3 cubic feet more than the next largest pursuit-rated SUV competitor. Rear door openings are now 13 percent (3.5 inches) wider than the previous generation to ease the loading of handcuffed passengers.

The all-new independent rear suspension and longer wheelbase dramatically improve handling and ride smoothness for both civilian and law enforcement applications, particularly on uneven pavement and unpaved surfaces. The exterior design is based on the new Tahoe Z71 trim, which features a rugged front grille, higher approach angle and front skidplate.

2023 Tahoe PPV

Technology is more important than ever as officers can get work done while parked using an available 4G LTE Wi-Fi® Hotspot. Standard HD Rear Vision Camera* and Rear Park Assist* can help officers prevent collisions when backing up, while standard Hitch Guidance* helps officers attach a trailer. Unlike pursuit-rated SUV competitors, Tahoe offers an available Rear Camera Mirror* to provide a wide, less obstructed view behind the vehicle compared to a traditional rearview mirror. It is especially helpful with police cabin obstructions like cargo partitions, passengers and K9 kennels common in police vehicles. New to 2021 Tahoe police vehicles is standard keyless entry and push-to-start ignition, which allow police officers to leave their keys on their belts for simpler and quicker use.

MN CONTRACT #
188973

New Standard feature is Protected idle allows vehicle engine to remain idling and vehicle immobilized while FOB is outside vehicle (Included and only available (9C1) Police Vehicle or (5W4) Special Service Vehicle.)A \$250.00 option on Ford Utility.

Rear Air and Heat needed for K-9's. A \$573.00 extra on Ford. Skid Plates are also standard a \$315.00 upcharge. Dual Batteries system also standard and not available on the Utility.

All-new 10-speed transmission with on-dash button selector creates more space for emergency equipment and upfits†

Brembo™ 6-piston front brake calipers with 16-inch rotors and eBoost antilock brakes PPV only
Increased trailering capacity³ — now 6,000 lbs. for 2WD & optional 4WD
Extensive electrical architecture to reduce upfitting⁴ time
