Subject: Shakopee Trap Club Raffle Permit
Attachments: STC Permit01102024.pdf

Hi Lori,

Thanks for the call back today. Attached is our completed raffle application that needs approval from the City Council. Even though the drawing is not until June - we need this done at the earliest possible council meeting so that we can get back to Gambling Control board and have their approval and permit issued for us because we need to get the tickets printed and provide enough time for our members to sell them and we start sales in early March. Our permit number is required to be printed on the raffle tickets which is why we need this so early.

Let us know if you need anything else or when we have approval

Thank you very much!

Bob Pulk, Head Coach
Matt Notermann, Head RSO
