

Leo's Auto Repair LLC

133 Prairie St. S, Shakopee, MN 55379

952-500-8985

Leo's Auto Repair is a small family business, owned and operated by residents of the city of Shakopee, Leo and Alba. Leo has operated his repair company for 10 years at various locations around the greater twin cities area, including St. Louis Park and Hopkins. Leo is a respected businessman with a great reputation. His experience has helped develop a strong understanding of what it takes to operate a successful auto repair company. Leo has amassed a large customer base through his years in business and has helped put hundreds of cars back on the roads safely. Leo's Auto Repair competes on pricing with big name repair shops on services, big and small. The city of Shakopee will appreciate having a local family owned shop they can trust, just around the corner.

Leo's Auto Repair is located at 133 Prairie Street South in Shakopee. His shop will take the place of a long-standing boat repair facility just 1 block south of 1st Ave East. The previous business has not been renovated or updated for many years. Leo already renovated the interior and intends to continue revitalizing the property as it grows. The facility has private parking and sufficient space to operate a business of this nature. Leo had the area zoned and surveyed for his use and intends to utilize the current structure to operate his repair facility. The location is enclosed with a fence and offers plenty of storage and parking space for Leo to conduct his business in an organized and orderly fashion.

Leo is aware of the city ordinance code 130.45 that restricts noise between certain hours. Leo's Auto Repair will observe operating hours of 9 am to 8 pm, Monday through Friday, and 9 am to 6 pm Saturday and Sunday. Furthermore, Leo's Auto Repair completes a large majority of their repairs within the confined space of their workshop and transmits little to no noise outside. Leo is also aware of City Code Chapter 71 which refers to vehicles being parked on roadways. Leo's Auto Repair has sufficient space within the private lot to accommodate the business operations and will not use the public roadway to park or store vehicles.

Throughout his years in business, Leo has generated a large group of customers, many of whom come from all over Minnesota to his shop. This not only speaks volumes to his quality of work but is also a testament to his ability to continue to operate successfully. Leo is also bi-lingual, giving him the ability to serve an enhanced range of customers. This is also beneficial to the city as his business will drive additional, potentially more diverse traffic to the area.

The area of downtown Shakopee and 1st Ave East is home to many businesses and Leo's Auto Repair is no different. Leo intends to respect the neighborhood and provide value to the city and its residents. The residents of Shakopee will appreciate having another option when it comes to auto repair so they can find what works for them. They may find that Leo's Auto Repair is exactly what they've been looking for.
