

Palace Giant XL

PCT111431

WOW! The Palace Giant XL's sky-high climb-slide-meet features are wildly attractive to children. The Giant offers a unique variety of speedy sliding, gentle swaying, and not least, challenging climbing. All these are in a see through tower, promoting thrill and social interaction. This ensures vigorous play over and over. The slides are the main attractions,

and the open and closed slide and the challenging banister bars offer a fast ride, severe fun, and stimulating social-emotional skills, such as self-regulation and empathy. The varied climbing activities add variety, while the transparent climbs add thrill. Climbing here trains cross-coordination, sense of space, and muscles. Play shells, talking tube, hammock

and tic-tac-toe create an inviting ground level space. Low climbing and ropes with pods add opportunities for everyone to socialize and participate in play.

Item no. PCT111431-0901	
General Product Information	
Dimensions LxWxH	29'4"x37'4"x29'3"
Age group	5 - 12
Play capacity (users)	60

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of a core produced from 100% recycled material.

All decks are supported by uniquely designed low-carbon aluminum profiles with multiple attachment options. The grey-colored molded decks are made of 75% post-consumer ocean waste PP material with a non-skid pattern and texture surface.

The main posts have an alloy with improved tensile and yield strength to ensure superior structural integrity of the high towers. The posts have hot dip galvanized base and powder coated top finish which ensure long lifetime.

Item no. PCT111431-0901	
Installation Information	
Max. fall height	9'2"
Safety surfacing area	1385ft²
Total installation time	202.2
Excavation volume	17.13yd³
Concrete volume	7.89yd³
Footing depth (standard)	2'11"
Shipment weight	9048lbs
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
EcoCore HDPE	Lifetime
Steel post HDG	Lifetime
PP Decks	10 Years
Ropes & nets	10 Years
Spare Parts Availability	10 Years

High-quality polycarbonate with a thickness of 15mm. The graphic prints are added by a unique multi-layer print process where the inner layer is the image and outer transparent layer functions as protection. Both PC panel and the water-based lacquer are UV stabilized to prevent fading.

Fully welded steel frame with 45° cross welded steel grid of round steel pins with a diameter of 4mm. The airflow panel contributes to the overall structural integrity of the GIANT towers.

Curved and straight tunnel slide of either PE or stainless-steel material and supported by multiple steel rods to a center steel post. The tunnel slides are designed with perfect curve and inclination for a playful ride.

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))

Verification of CO₂ calculation of: Play systems

Data version no. 2023-10-05

The CO₂ calculation and data are in compliance with the principles of a carbon footprint impact according to the GHG protocol (Greenhouse Gas Protocol), Scope 3, cradle to gate related to all individual components in the product category: "Play systems" represented by item no.: PCM200321-0950.

(Scope 3 emissions include emission sources in the upstream and downstream value chain).

Date: 30. October 2023 | Valid until: 30. October 2025
