QUOTATION

March 13, 2017

Dave Rutt
Utility Supervisor
City of Shakopee
400 Gorman Ave.
Shakopee, MN 55379-1328

Dear Dave;

As requested, we have prepared a quote for Sanitary Sewer TV inspection and reporting of approximately 135,199 linear feet of 8" – 18" sanitary for the City of Shakopee, MN.

Our price schedule is as follows:

Color Pan & Tilt TV Inspection of 99,275 linear feet of 8" - 24" sanitary sewer @ \$0.38 per linear foot	\$51,375.62
---	-------------

Total \$51,375.62

Our bid is based on the following provisions and understandings:

- 1) CONTRACTOR will provide 1 typed reports and 1 set of DVD's or portable hard drive for all televised services along with still photos and a summary report of all significant findings for quick access to the problem areas. All reporting will be completed using certified PACP format.
- 2) CITY understands that if there is any blockage in lines requiring a reverse set-up during televising the line will have an additional footage charge for re-televising. We will notify CITY of the problems as they occur.
- 3) Any root cutting can be provided on a flat hourly rate, we will notify CITY of any occurrence.
- 4) CITY to provide sewer maps and manhole numbering system, pipe ID and to locate and expose all manholes.
