- 3) Music/entertainment is not planned.
- 4) Hours Friday 5-8 pm and Saturday 12-4 pm. These times are when other business in the building are closed.
- 5) 30-50 parking spaces available.
- 6) Anticipated maximum customers at any one time 15.
- 7) No special events are planned at the tasting room. We plan on having events with our distributor and at liquor stores.

I only have a whiskey recipe at this time. If made as unaged (moonshine) I could have something to taste in 4-6 months. The aged whiskey will take approximately 4 years. I will be doing research and development on the other spirits until a winner is found for each product.
