Ref: permission to operate Auto Car Repairs

my full names are Elkanah Obaigwo Abobo,
I have attached a proposed floor-plan for my business.
I currently do not have any employees. I pick-up
my clients vehicles from either their place of business
or home, drive the cars to my designated workshop where
I repair them, and deliver the cars back when completed to
my clients. most of my business comes from people from
all parts of the world and this is why I would like to
have a place for space of my own, currently I share with somebody.

I intend to use the same business model at the
proposed location. my hours of operation will be
from 9 am to 5 pm. And all vehicles will be stored inside
the workshop.

Thanks I look forward for consideration.
