Spotlight: Birthday Parties

It's time to party

Have your child's next birthday at Shakopee Community Center, Ice Arena

Planning your child's birthday party can be a big undertaking.

While we can't do all the work, we can help reduce the stress, as the Shakopee Community Center has many options to make your child's birthday party a success.

Our birthday party packages include themed parties geared to children ages 5 to 10. You can choose from Nerf battles, gym activities, playground or pool parties.

We have two NEW options your child will love. We are excited to introduce Nerf Battle Xtreme, a more challenging version of our original Nerf battle. It's a hosted party with amped-up music, light show and new obstacles with great places to hide and spy.

Check out a video about our unique birthday party options on the city's YouTube channel

Does your child like to ice skate? The Shakopee Ice Arena has a new space that will make having a skating party a cool celebration. Party on Ice parties are non-hosted, but participants will get to skate in our premier Rink 1 and then open presents in our new lobby meeting room. This party includes skating for up to 12 participants, two-hour room rental (skating for one hour), paper products, goodie bags and rental skates, if you need them.

Our two parties include exclusive use of party room, paper products, decorations and candy/prize bags. Some parties also include birthday hosts. To learn more about all our party packages, check out page 14.

REGISTRATION DEADLINES

Registration deadlines are established for each class to help provide a positive experience for recreation program participants by ensuring appropriate staffing, supplies and facilities to meet the registration needs. Please refer to the program descriptions for each program's registration deadline. If no registration deadline is listed, the deadline is seven days before the program begins.

YOUTH ASSOCIATIONS SPECIAL REGISTRATION DATES

Most youth athletic associations have specific dates for registration. Please check individual program information to ensure you register correctly. The Shakopee Community Center does not accept registrations for youth associations.

FREQUENTLY ASKED QUESTIONS

How do I know I'm in? Will I receive confirmation?
You can assume you are in the class you registered for unless you receive a call to the contrary. We will call you only if:

- The class you chose has reached its registration limit and you were placed on the waiting list.
- Your second choice was processed.
- Your registration form is incomplete.

Can I transfer to another class?
We will make every effort to accommodate your request to transfer to another class; however, that may not always be possible.

There is a $5 service fee charged on all class transfers that needs to be paid at the time of request. We appreciate your understanding when we are not able to accommodate cancellations, transfers or registrations after the registration deadlines.

Do programs have a waiting list?
Due to facility space and staff limitations, many classes have registration limits. When classes have reached their maximum registration, a wait list will be started.

If an opening becomes available due to a cancellation, it will be offered to the first/next person on the waiting list until the opening is filled.

Every effort will be made to create additional class sessions and you will be contacted if your registration is able to be accommodated.

Once the class begins, if we have been unable to accommodate you, we will return any fee(s) paid.

What is your refund policy?
Registration fees for programs canceled by the Parks and Recreation Department receive a full refund. If you cancel your registration before the registration deadline, we will refund your registration fee, minus a $5 processing fee. No refunds will be given if a cancellation is requested after the registration deadline.

What happens if I miss a class?
Make-ups for individual missed classes will not be accommodated.

NON-RESIDENT FEE POLICY

All participants living outside the city limits of Shakopee (Jackson Township, Louisville Township, ISD #720, and other surrounding communities) must pay a $10 non-resident fee for each program.

This amount is per participant per class and must be paid when registering. Non-resident fees are not applicable to one day events, field trips, youth associations or adult athletic leagues.

Jackson and Louisville Township resident registrations: The amount due will be listed based on your residency. The $10 will be paid by the township at the end of the year. If it is not correct, please call our office at 952-233-9500.

FAQs

I have a Shakopee address. Why am I not considered a resident?

Even though your mailing address is Shakopee, you reside in a township or adjacent town. Your tax dollars are not directed to the municipality of Shakopee. School District boundaries and city boundaries are not the same.

Why does a non-resident have to pay more than a resident?

Residents within city limits have a portion of their tax dollars support city services. Slightly higher fees for non-residents are intended to keep the financial aspect fair.

SHAKOPEE ICE ARENA

LEARN TO SKATE

Ice skating is a great way to have fun, stay fit and make new friends.

The Learn to Skate Program offers skill progressions designed to enhance the capabilities of each skater.

Shakopee offers basic skating instruction through advanced figure skating beginning at age 3 through adults.

Classes meet once per week for 30 minutes. Class placement is determined by skill level and age.

- Shakopee Parks and Recreation reserves the right to move children to the appropriate level if they are not registered in the correct level.
- Protective headgear is recommended for all children under the age of 6 and must be provided by the participant.
- Class attire: Skaters should wear warm, comfortable clothing. We suggest dressing in layers so jackets or sweaters may be removed as the skaters warm up. Mittens or gloves are a must! No tight jeans; they restrict movement.
- Please make sure that your skate blades are sharp and your boots fit properly. Skates should be sharpened before first class.
- Please arrive 15 minutes before your scheduled class.
- Classes may be combined or canceled if class minimums are not met.

CLASS DESCRIPTIONS

SnowPlow Levels 1-3 (ages 4-7)

Levels are designed to help the preschool-age skater develop preliminary coordination and strength to maneuver on the ice. Helmets are highly recommended for all beginners (bicycle helmets acceptable).

Basic Skills

This program will introduce the basic skill moves that are the fundamentals of the sport: forward skating, backward skating, stops, edges, crossovers, turns and mohawks. Upon completion of the basic levels, skaters will have a basic knowledge of the sport, enabling them to advance to more specialized areas of skating.

Hockey Skills

The curriculum teaches the fundamentals of hockey skating. Skaters will learn how to maneuver faster and be more agile on the ice. Necessary equipment: hockey skates, certified hockey helmet (ice approved) and hockey gloves (optional). Skaters will learn all the elements without a hockey stick.

Free Skate

This is the point where the skater can choose whether to pursue a recreational or competitive approach to the sport of figure skating.

Adult

Primary focus is to develop forward and backward skating, gliding, stopping and introduce crossovers.

COMPETITIVE PROGRAM

The Shakopee Soccer Competitive Program develops players to reach their highest playing potential. Competing against other MYSA and TCSL-member clubs at various playing levels, our teams are organized by age, gender, skill and commitment level. Our goal is to provide every player a place to play where they are challenged at the appropriate level. Currently, we offer U9 through U19 teams for both boys and girls at all competitive levels.

The Shakopee Soccer Association offers winter technical training with USSF-licensed trainers as part of the summer travel program at no additional cost. Training is held at Soccer Blast, 3601 W. 145th St., Burnsville . The winter training program is designed to further develop soccer skills. Sessions begin in January.

Tryouts for the 2020 season are over, and players have been placed on teams, based on results from evaluations. Players still interested in joining competitive soccer for the 2020 summer season are strongly encouraged to contact admin@shakopeesoccer.com for information on playing. Some teams still have open roster spots. Financial aid is available for qualified participants. We encourage players of all skill levels to check out Shakopee Soccer.

TOPSoccer is a community-based soccer program designed to meet the needs of athletes ages 8 and older with physical and/or mental disabilities. RECREATIONAL SOCCER

The Shakopee Soccer Association Recreational Soccer program (Rec) continues to grow with enthusiastic participation by more than 750 players who have a love for the game. The Rec program focuses on developing soccer skills and abilities and, above all, encourages fun! Teams are formed based on the number of participants and coaches, player age, and gender. Players are required to bring shin guards and their own soccer ball. The following programs are available:

Winter Rec Futsal 2020

Futsal is played indoors, on a basketball court, with a special low bounce ball that is smaller than a regular soccer ball. It forces a player to use their skill rather than the ball's bounce to propel it. Futsal is a skill game that develops the overall fundamentals of soccer. Players will develop quicker reflexes, faster thinking, and passing along with a better touch and technique. This is a fun program for kids to play soccer during the winter.
