

## The issue:

The city of Shakopee decided to no longer flood the Riverside Fields ice rink and plan on tearing it down in 2020.

## What we're asking for:

For the city to agree to flood Riverside Field's ice rink this winter.

- One more chance for us to prove the demand is real and for you to then reconsider tearing down the ice rink and, instead, keeping it for the foreseeable future.

## About me

- Jess Lowenberg
- User Experience Designer and Researcher for Pearson Education and GED Testing
- Shakopee and Riverside Fields resident for almost 11 years
- Perform research studies on a daily basis
- I've spent the last 5 days talking to a dozen city employees, and many Riverside Fields neighbors and ice rink users, to gather the facts behind the decision and found a handful of major flaws in the research used to make your decision.
- I'm here to present to you the missing facts and the true facts.

## Your Research:

- Took place over a 2 month period, Jan 7-March 9, 2019
- Looked at video footage from the days the rink was open at 4 times in the day (12:30pm, 3:30pm, 5:30pm, 7:30pm)
- Warming house staff took headcount as well
- The quantitative results (the number of people in attendance):

Rink	2018 Attendance	2019 Attendance	Change
Westminster	274	490	+79%
Green Meadow	259	326	+26%
Riverside Fields*	163	186	+14%*
Southbridge	137	59	-57%
Scenic Heights	72	67	-1%
Lion's Park	Unknown	Unknown	Unknown

#### **4 major things wrong with this study:**

1. Did not look at **all** the quantitative data
  - a. For example, my family of four, along with many other families, went almost four days a week after dinner and before bed, from 6-7pm, so we weren't even counted in the study
2. Did not account for trends
  - a. Riverside Fields is 1 of 3 rinks that showed an increase in usage from 2018 to 2019 (even with your limited data), and was still not 1 of the 4 chosen to be kept.
  - b. I have been skating at the rink for the 6 years it has been open and I have seen a steady increase in skaters, with last year having by far the most.
3. Did not look at the age of the neighborhood, the ages of the children in the neighborhood, or the number of kids within walking distance of the rink
  - a. 6 years ago many of the people in the neighborhood had 1 child with an average age of 0-4 years old (weren't old enough to start skating)
  - b. Now families in the neighborhood have an average of 2.5 kids with an average age of 4-10 years old
4. Performed almost ZERO QUALITATIVE research (talking directly to the neighbors and the skaters to hear their perspective and learn from them)
  - a. Every experienced researcher will tell you that it's necessary to do BOTH quantitative AND qualitative research in order to see the FULL PICTURE
  - b. The staff could have walked to the rink and gone door-to-door in the neighborhood to learn from them, see the smiles on the kids faces while ice skating and get a FULL PICTURE on actual usage.

**LUCKILY, FOR YOU, OVER THE LAST 5 DAYS I HAVE DONE SOME OF THAT RESEARCH FOR YOU, TO HELP PAINT THE FULL PICTURE FOR YOU.**

#### **Quality of life, community involvement, and the betterment of the city**

- Get kids off the couch and active during the winter
- Limited amount of winter activities
- Get the community out and about, and interacting with each other

#### **Usage & Demographics**

- False information that 5-8 kids used Riverside Fields Ice Rink per week last winter. According to your data it was actually an average of 5 people per **day** the rink was open. Again, this was only a fraction of the actual number of people in attendance.
- False claim that there is no longer a demand for an outdoor ice rink in Riverside Fields.
- Demand for Riverside Fields is actually at an all time high and continuing to grow:
  - Petition signed by over 445 Shakopee families
  - Usage increased by a minimum of 14% from 2018 to 2019 and expected to increase in 2020.
  - Conservatively estimated 400+ children aged 4-12 years old within walking distance of the rink.

- Compared to older neighborhoods like Southbridge have older kids 16+ years of age, who will be leaving the neighborhood in the near future.
- It's impossible for these 400+ kids to walk across CR-18 and CR-21 to the Southbridge rinks in the winter.
- Plus over 73 new homes being built within walking distance.
- New ice arena has increased the excitement and demand for ice time, but with only 2 sheets of ice almost all ice time is reserved for team activities.
- 150+ mite hockey players only have 2 practices a week (because of the limited availability of ice time) and would like to utilize this outdoor rink for extra ice time.
- Riverside Fields neighbors were planning on holding potlucks one night a week at the rink.

### **Time & Effort**

30 extra minutes per day to maintain Riverside Fields Ice Rink, according to the Shakopee Public Works Park Maintenance team.

### **Finances:**

Cost approximately \$11,000 to maintain Riverside Fields Ice Rink, according to the Shakopee Public Works Park Maintenance team. Cost \$3,500 to man the warming house for the whole winter.

\$11,000 equals:

- Property taxes of about 2 houses in the Riverside Fields neighborhood
- \$27 donation from each of the people who signed the petition

The city spent **\$570,000** on the ice rink, lights, and warming house 6 years ago:

- That equals \$95,000 per year of usage
- Using it for one more year actually decreases that amount by almost \$14,000 (more than the cost of upkeep)

### **Other:**

- Shakopee has 1 outdoor ice rink for every 10,000 people, while Bloomington has 1 outdoor ice rink per 6,000 people. That's almost double the amount of outdoor ice rinks in relation to the population. (3.25 times the number of rinks for 2 times the population).
- Eden Prairie has 9 outdoor rinks - 1 for every 6,700 people.

### **Summary:**

Over the last 5 days I've spoken directly to many neighbors and seen the kids tears. I've gathered almost 450 signatures from neighbors who support keeping and maintaining the Riverside Fields ice rink. Of the ice rinks that are getting cut, Riverside Fields neighbors (all 450+ of them) are the only ones fighting to save their rink. Please listen to us, look at all the facts, and give us one more winter to prove to you that the ice rink is worth keeping permanently.

**change.org**

Recipient: Mayor Bill Mars, Shakopee City Council

Letter: Greetings,

Flood and maintain the ice rink in Riverside Fields neighborhood, Shakopee
