

SSA 17th Ave Sport Complex Fence Proposal

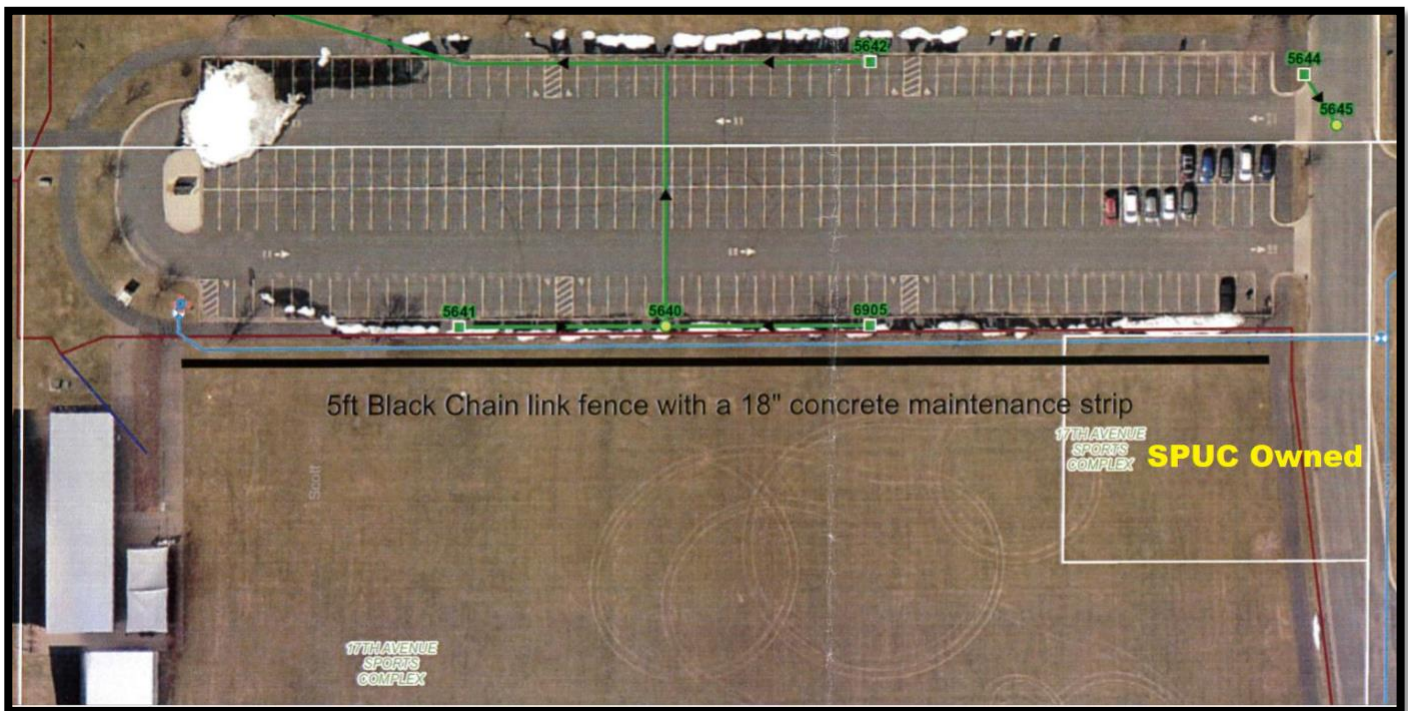

Request: The City of Shakopee to allow a fence to be installed at the 17th Ave Sports Complex in the Spring of 2020. The total cost of the fence would be covered by SSA, but paid for over a three-year period. At the time of installation, SSA would pay for half the cost of the fence and the City of Shakopee would pay for the other half. Over the next two year, SSA would reimburse the City of Shakopee for the cost they paid for the fence. Total cost of the fence and netting is approximately \$30,000.

Details: SSA would like to have a fence with netting installed at the 17th Ave. Sports Complex. The fence would run the length of the two Southeast fields (Fields 6 & 7). It would be approximately 430 feet long with one large gate (double doors) to allow City trucks to access the fields and two smaller gates (single door) for pedestrians and golf carts to access the fields. There would be an 18-inch concrete mow strip installed as requested by Shakopee Public Works. There would also be two 120-foot-long net sections that are 20 feet off the ground behind the main goal areas of fields 6 & 7. SSA also acknowledges that SPUC owns the land on the east end of where the fence will be installed. If SPUC decides to build a building in that section, SSA will pay to have the fence moved.

Purpose for the Request: The purpose of installing the fence is for the safety of youth soccer players who chase after soccer balls that enter the parking lot. SSA is trying to prevent an accident from occurring. The majority of the players that use these two fields are ages 8 – 12 years old.

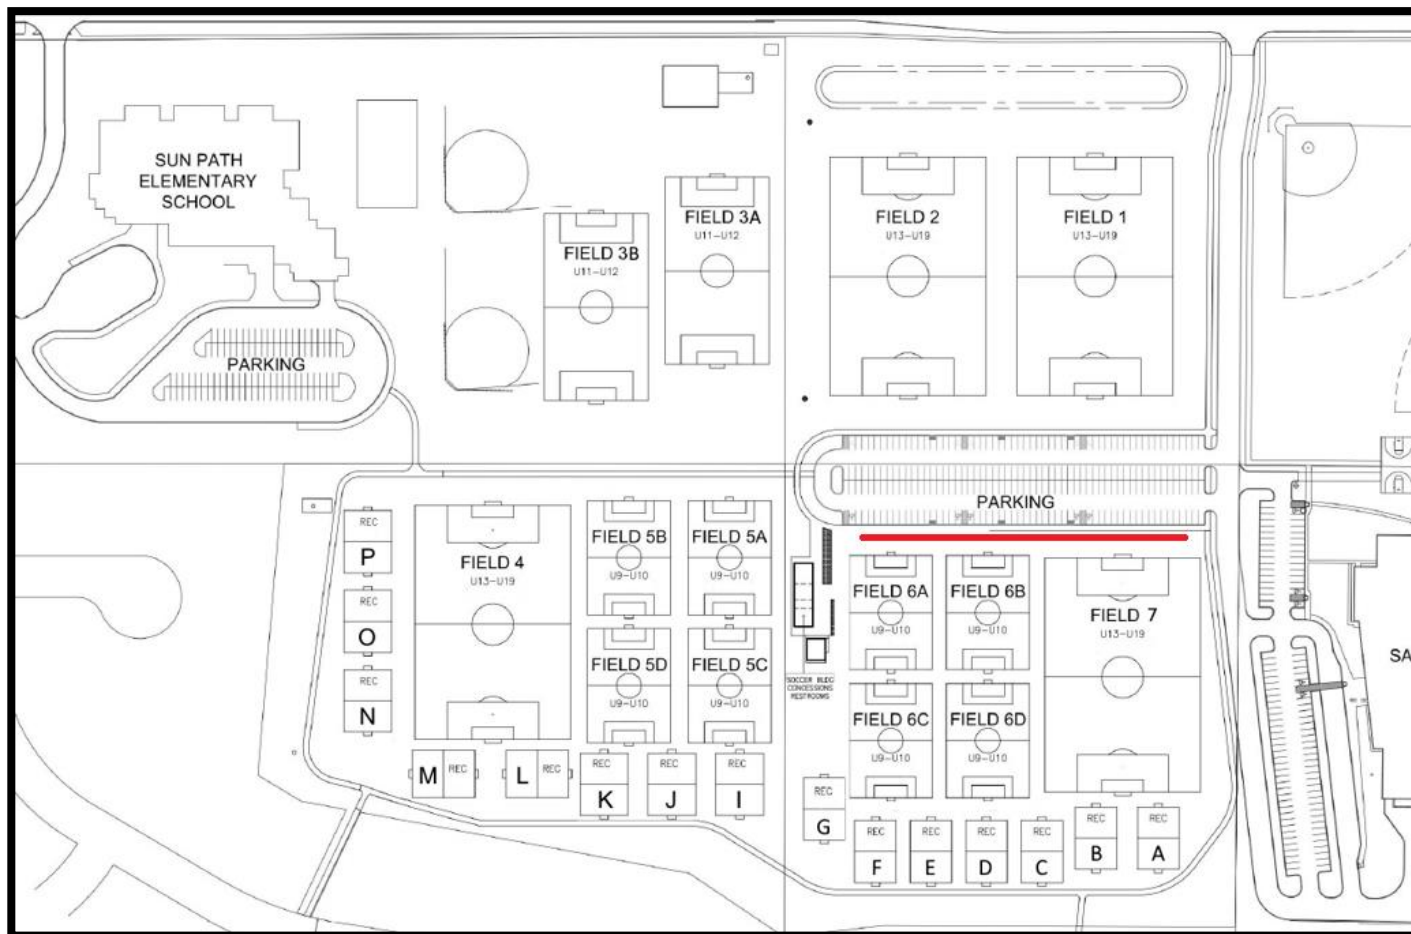

Location: The South side of the parking lot between fields 6 & 7 and the sidewalk (see maps below).

Fence Location is Black and SPUC Area Defined:

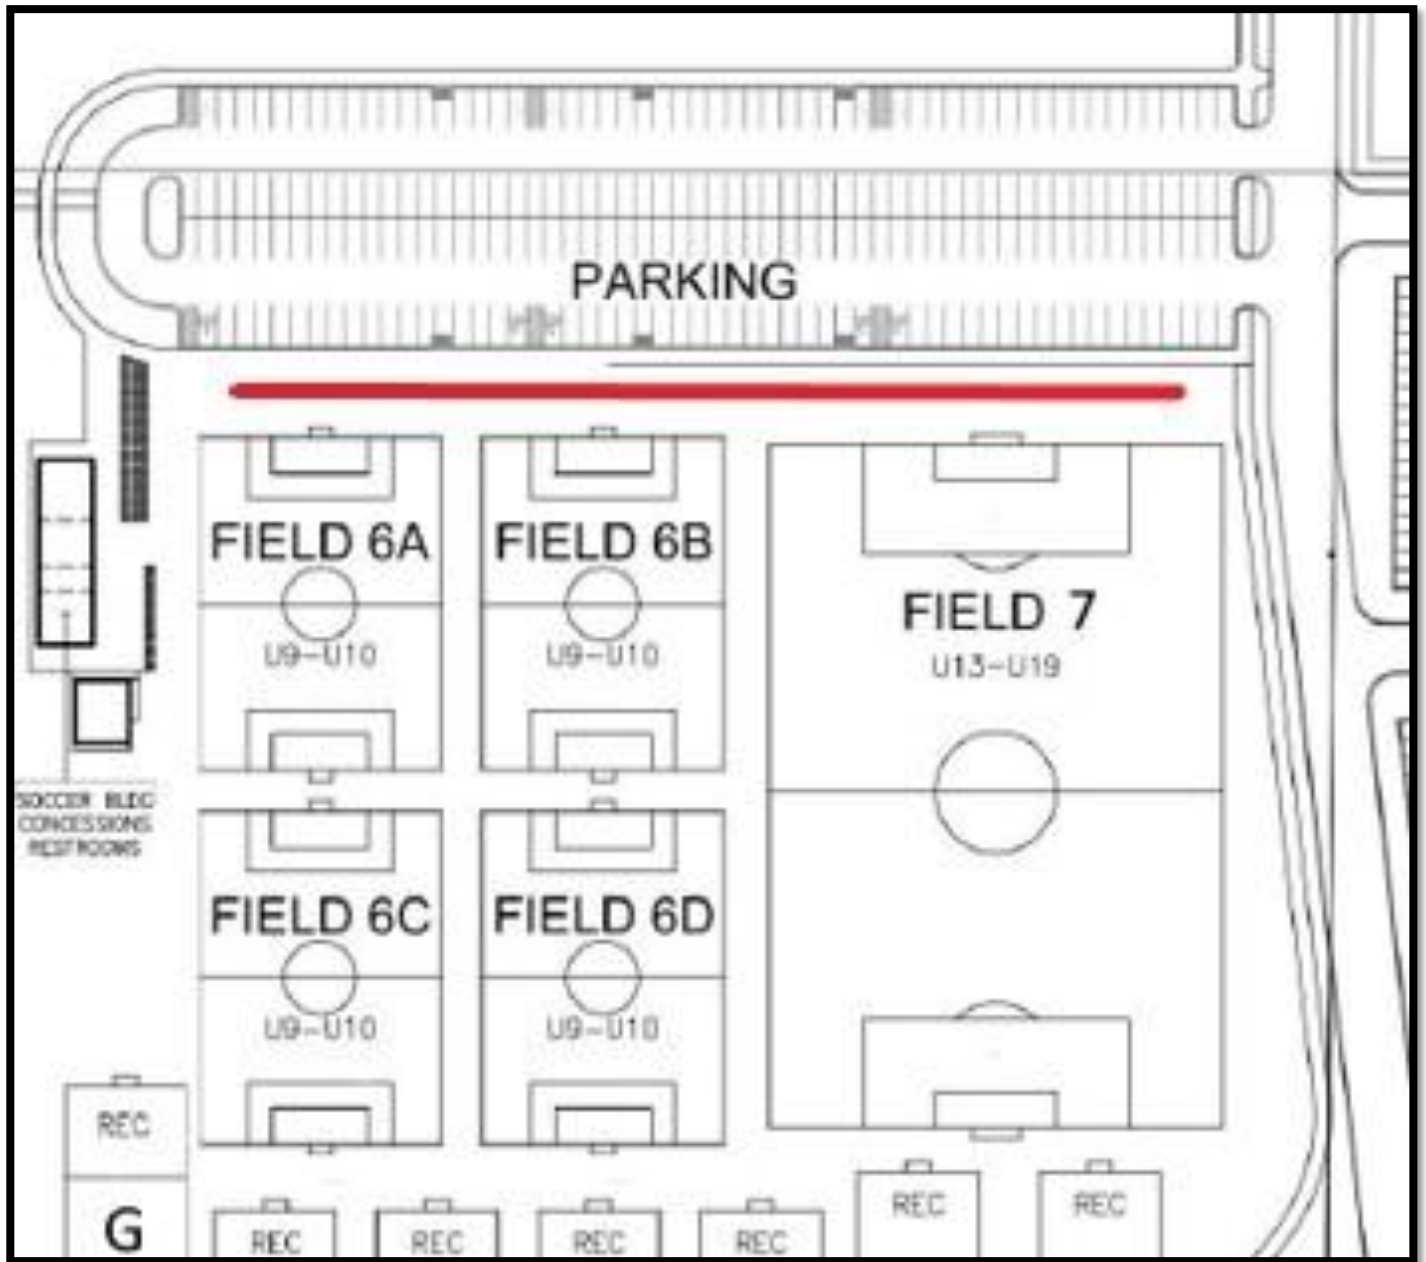

Fence Location in Red #1

Fence Location in Red (cont.)

Fence with Poles for netting (behind Fields 1&2)

Double Gate:

Single Gates:
