

CHURCH OF THE LIVING GOD, PILLAR AND GROUND OF THE TRUTH

THE LIGHT OF THE WORLD

April 10, 2020

To: City of Shakopee

First, let me greet you in the name of our Lord Jesus Christ, wishing you the very best of health and blessings.

Regarding our petition for the CUP permit for the purchase of the building on 2nd and Fuller St., I would like to briefly explain the following building use.

1. **Sanctuary use:** Will be for Worship Services, Bible Studies, Sunday Morning Sermon. Involved, like in all our congregations, will be the Adult, youth and children of the congregation as we are a family church and it is a core or central part of it. *All are welcomed...*
2. **Fellowship Hall:** For Individual bible studies for a group, not in the same hour of worship service. For fun group activities, church meetings, Women's advocacy group meetings, community meetings when possible and needed. Area for our church potlucks and gatherings.
3. **Offices:** Administrative offices for the different church departments, for example, the technical and online transmission church services dept. Also, the APS, Association of Students and Professionals office, etc.

This is a brief description of the use we plan to give to the building that we intend to purchase, in hopes that the City of Shakopee can work with us to bring this to a reality as diligently possible.

God Bless you.

Angel Rodriguez
