EXISTING

- City of Shakopee Parks

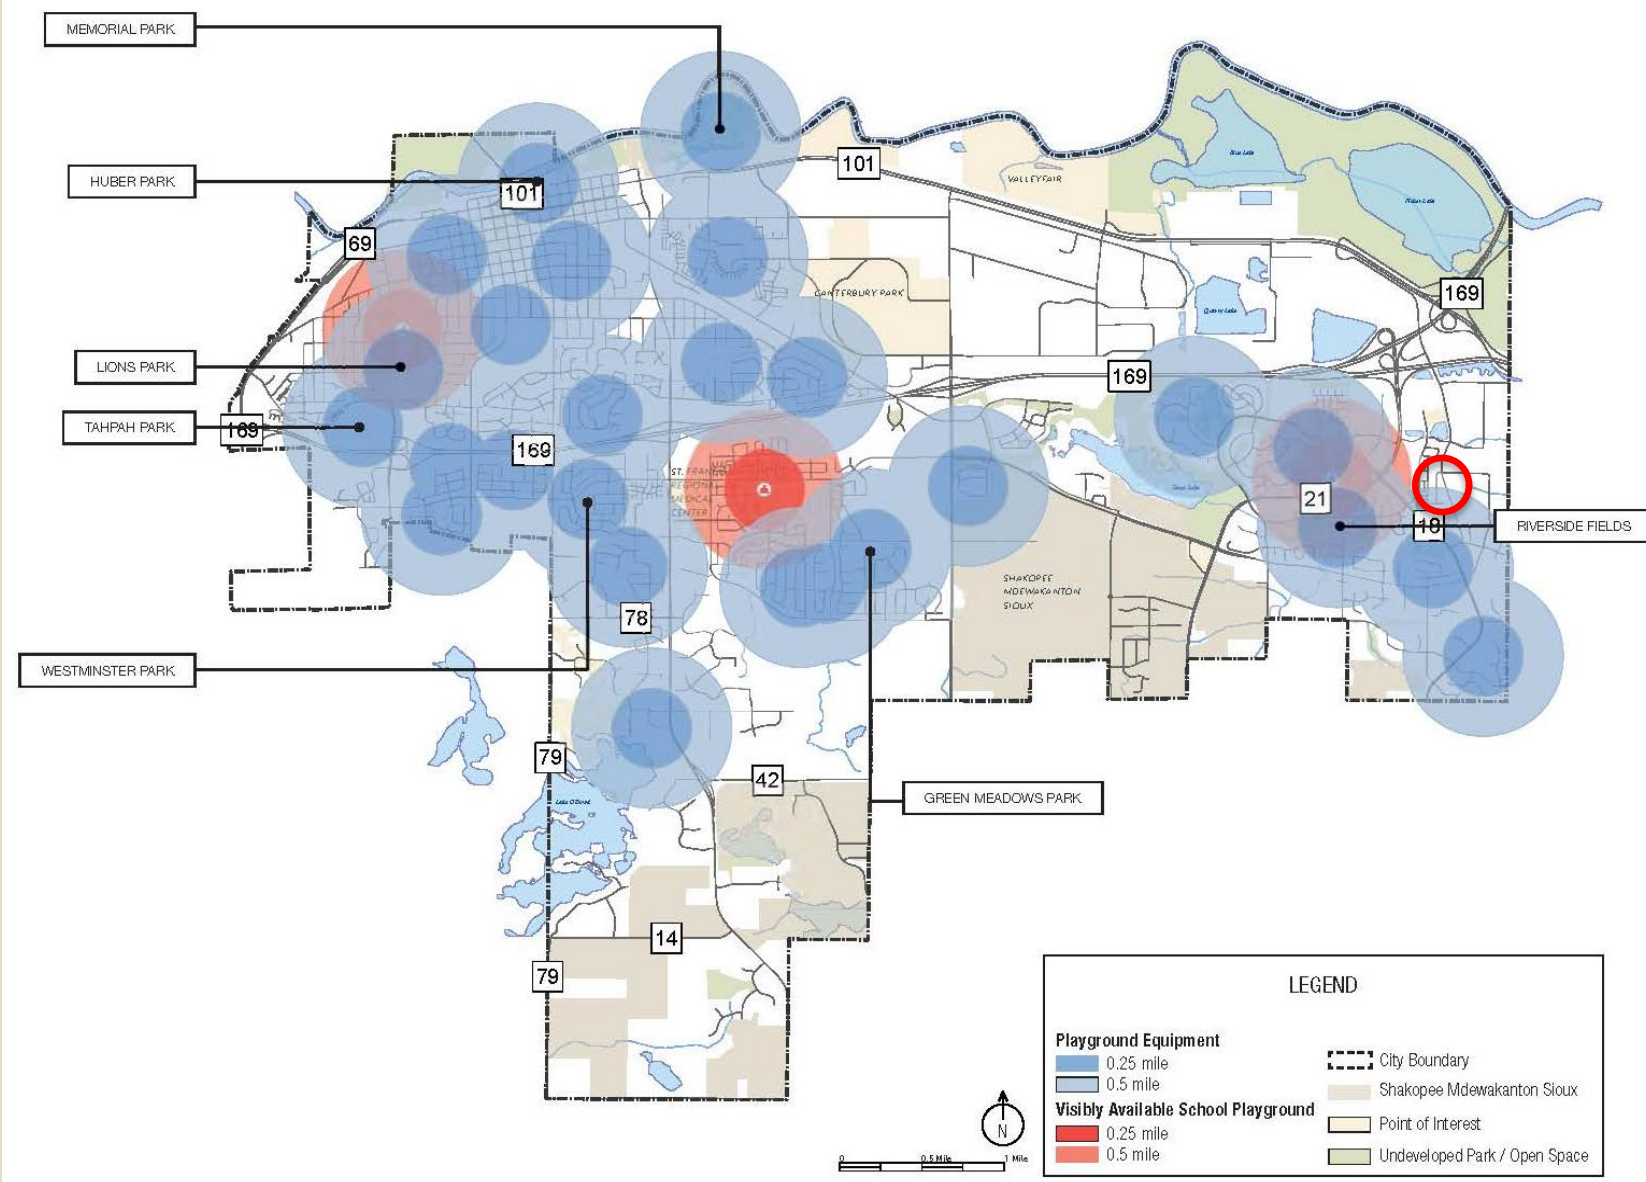

EXISTING

- School Facilities, Neighborhood and Community Park Gaps
- (walking times generated from ESRI business analysis)

EXISTING

- Playground Proximity

EXISTING

What we've heard

- Preserve legacy oak trees
- Neighborhood backyard feel
- Passive space
- Parking

Other Considerations

- Stagecoach Rd. – high traffic + speed
- Proximity to other amenities (parks, playgrounds, activities)

Grill

Oak Savanna Restoration

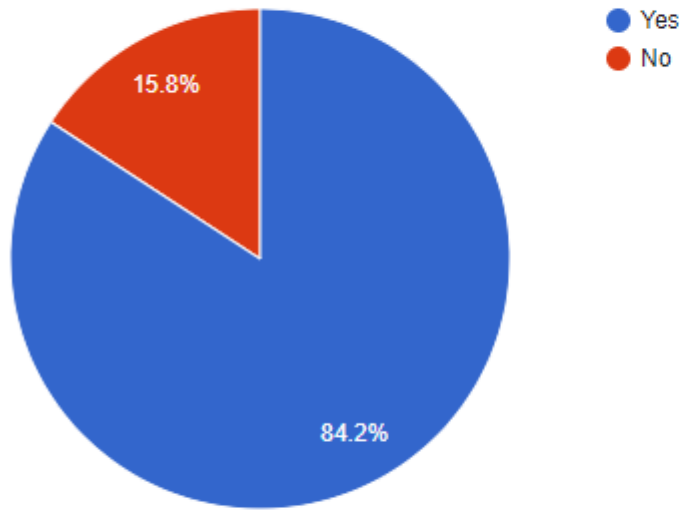

Natural Surface Trail

SURVEY RESULTS

1. When talking with residents about this future park, we heard that residents wanted a park design that protected the trees on the site, had passive open spaces and felt like "an extension of the neighborhood's backyard." Do you feel this park design meets those goals?

Answered: 19 Skipped: 0 Left Blank: 0

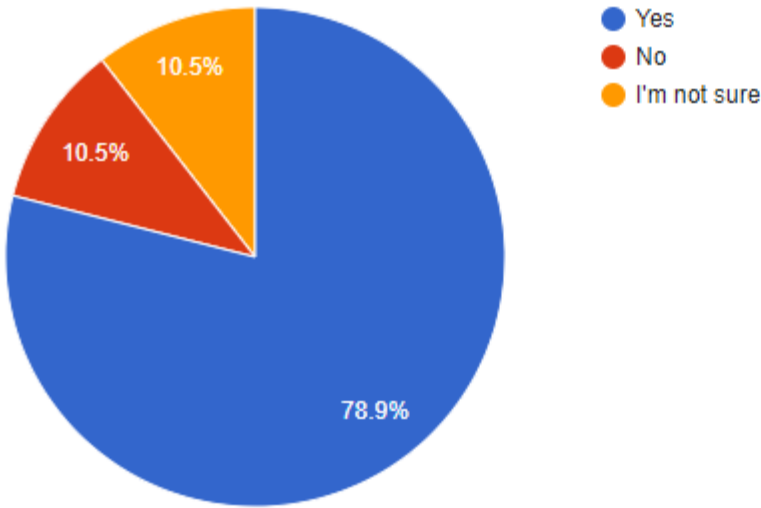

ANSWER CHOICES	RESPONSES	
Yes	84.21%	16
No	15.79%	3
TOTAL		19

SURVEY RESULTS

3. Do you feel this park design meets the goals of a Neighborhood Park?

Answered: 19 Skipped: 0 Left Blank: 0

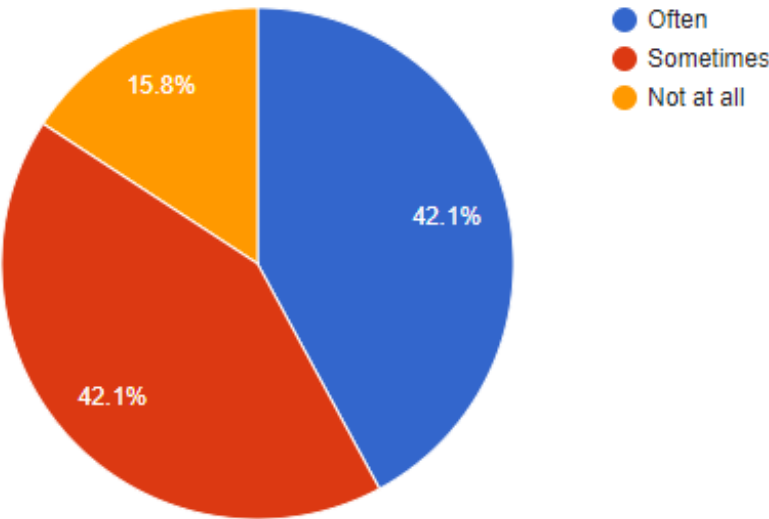

ANSWER CHOICES	RESPONSES	
Yes	78.95%	15
No	10.53%	2
I'm not sure	10.53%	2
TOTAL		19

SURVEY RESULTS

5. The proposed design reflects a park that I/My Family would use:

Answered: 19 Skipped: 0 Left Blank: 0

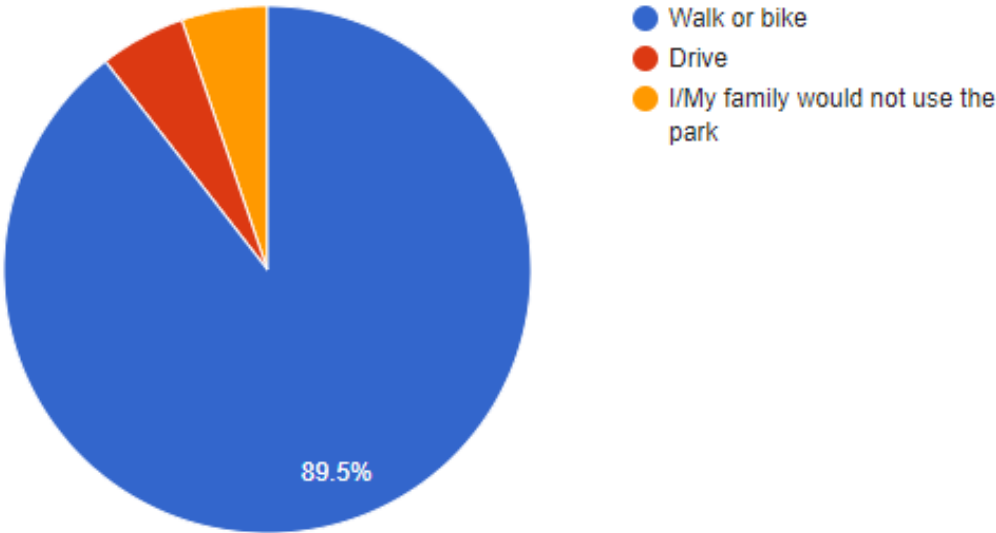

ANSWER CHOICES	RESPONSES	
Often	42.11%	8
Sometimes	42.11%	8
Not at all	15.79%	3
TOTAL		19

SURVEY RESULTS

7. The new park will serve residents on both sides of Stagecoach Road. How would you get to the park?

Answered: 19 Skipped: 0 Left Blank: 0

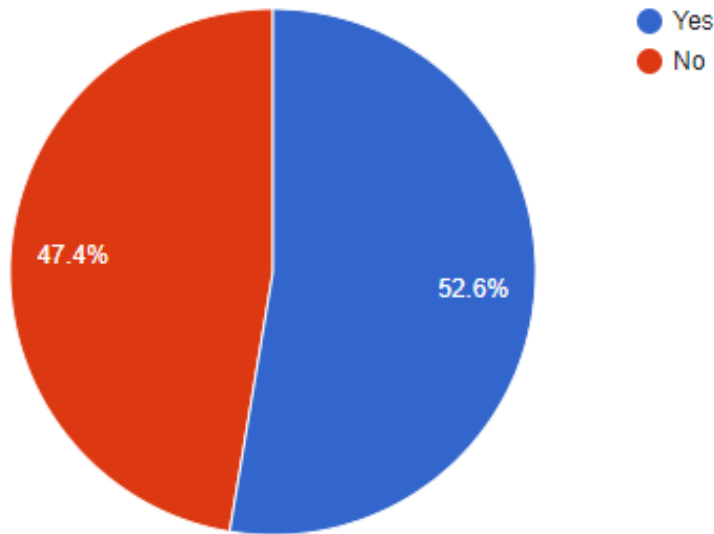

ANSWER CHOICES	RESPONSES	
Walk or bike	89.47%	17
Drive	5.26%	1
I/My family would not use the park	5.26%	1
TOTAL		19

SURVEY RESULTS

9. Before I received the postcard or saw information on the city's website, I was aware a park was planned for my neighborhood:

Answered: 19 Skipped: 0 Left Blank: 0

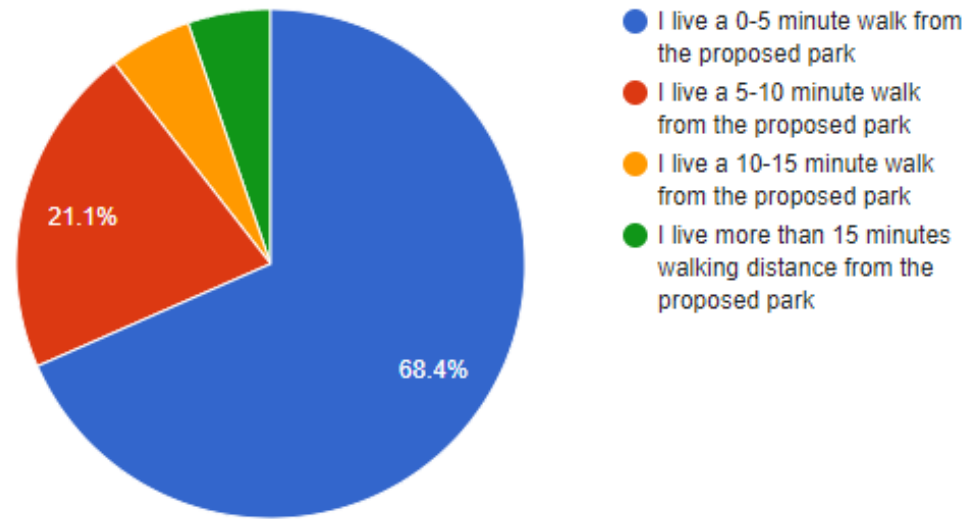

ANSWER CHOICES	RESPONSES	
Yes	52.63%	10
No	47.37%	9
TOTAL		19

SURVEY RESULTS

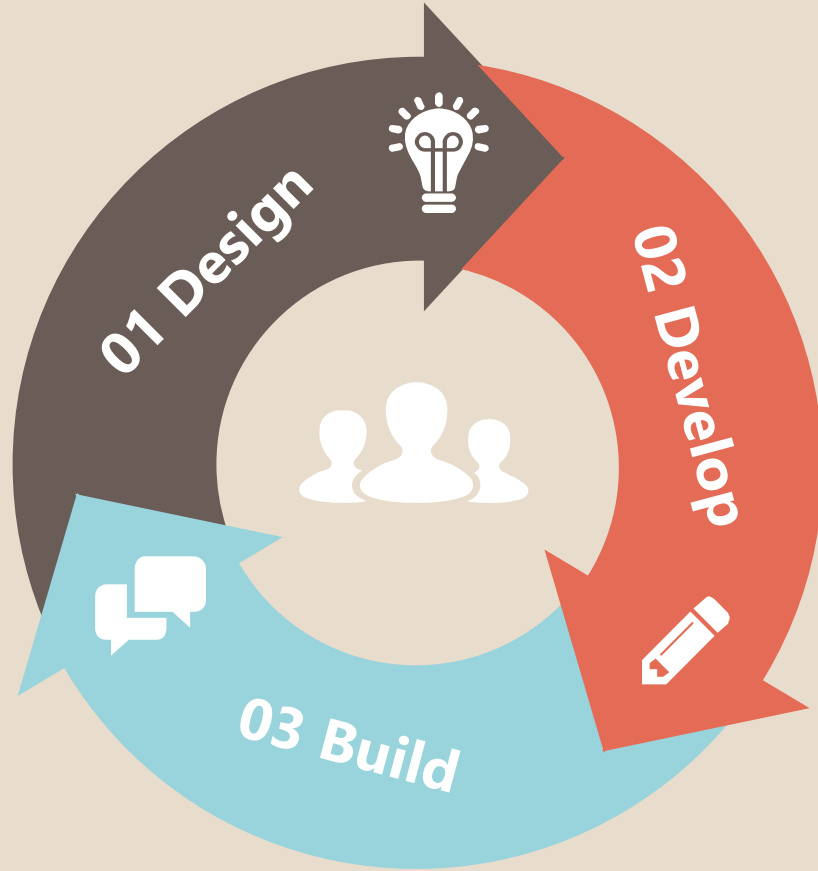

11. Please select the option that most closely applies to you:

Answered: 19 Skipped: 0 Left Blank: 0

ANSWER CHOICES	RESPONSES	
I live a 0-5 minute walk from the proposed park	68.42%	13
I live a 5-10 minute walk from the proposed park	21.05%	4
I live a 10-15 minute walk from the proposed park	5.26%	1
I live more than 15 minutes walking distance from the proposed park	5.26%	1
TOTAL		19

PROCESS – NEXT STEPS

01 Design & Test Options - current

Based on previous planning work, budget, and site analysis. Options produced are tested with the public and staff for preferences and input.

02 Develop Construction Documents - Summer

One final option produced that incorporates feedback on concept plans. Documents produced that allow a contractor to construct the plan.

03 Build - Fall

Contractor is selected and begins construction of design. Restoration component will take 3 years to fully establish.
