420925	7/16/2020 14:50	Playground equipment for small and bigger kids. Shaded area to have a picnic. Thanks for hosting the neighborhood planning meeting to share thoughts and ideas. I was in a friend's neighborhood this weekend and spent some time playing at their park- Eagle Brook Park, Prior Lake. Some things we loved about it and would be excited to see at our neighborhood Park (if space & budget allow) are: zip line, monkey bars (not traditional), and additional climbing areas. Additionally, I think it is important to have fun ways for older kids to climb onto the play-set, but also something parents can bring their little ones up. Just some ideas 😊 LeAnne Von Bokern
424120	7/19/2020 20:29	When this park is built would love for there to be a sign stating please keep your dog in a leash and curfew
476415	8/6/2020 13:52	signs up. Could we get updates in the timber trails park with some of that money. It's totally inaccessible to disabled
