City of Shakopee | 485 Gorman St., Shakopee MN 55379 | 952-233-9300 | www.ShakopeeMN.gov

Ipe Wood Decking Material

Base bid for the boardwalk is ipe wood decking material.

- Durability: Very dense & rigid, making it extremely durable. Fire, rot, and insect resistant.
- Lifespan: 25-years, examples of ipe lasting 50+ years
- Warranty: No material warranty
- Maintenance: requires occasional cleaning
- Aesthetic: reddish brown fading to gray over time with a natural look

Composite Decking Material

Alternate 1 for the boardwalk is composite decking material. Proposed composite material is MoistureShield Vantage

- Durability: less dense & rigid than ipe, but still very durable. Good water resistance.
- Lifespan: 25-years
- Warranty: 10-year limited structural warranty (prorated), no fade or stain warranty
- Maintenance: requires occasional cleaning
- Aesthetic: Several color options. Color fades over time.
- \$165,784.00 cost savings
