Follow Up Flag: Follow up
Flag Status: Flagged

I spoke to Tom at Palmer Bus – 952-445-1166

He is aware of the impact that their stop at Garden Lane has on traffic – it backs up beyond Gorman Street some days.

He has contacted State Patrol regarding some of the restrictions/requirements

- In order to pull on the shoulder they need a full shoulder width
- this would allow them to pull over and use their flasher rather than the stop arm and red lights
- using the driveway/road entrance to the cul de sac would not be sufficient per State guidelines

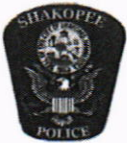

He proposes:

- to use the cul de sac to turn around in, but would need the full area with no parked cars
(it would need to be signed and enforced!)
- to work with the county to restripe Co Rd 17 without a turn lane so they would have a full shoulder with
(he understands this would have to go to the county)

The bus only stops there twice each day – 0830 and 1600 (all elementary kids)

Gorman Street has its own stop as the kids go to different schools.

The Gorman St stop and the Shakopee Ave stop are farther away than the school districts recommended walking distance for kids.

Bruce and Pinky,

As discussed a few months back at a traffic safety meeting, we agreed to move the bus stop off marschall rd to the garden lane cul-de-sac. In order to do that, the cul-de-sac would be changed to a no parking zone. We were hoping to post it this week and begin the education/enforcement stage so we hopefully don't have many issues when school resumes.

Do we have the required approval to proceed?

Thanks,
Chris

February 24, 2017:

We spoke with bus company this morning. They are appreciative of our response. They are committed to moving their bus stop to the garden lane cul-de-sac provided the city posts it "No Parking."

As discussed, we propose posting the cul-de-sac "No Parking" at the conclusion of this school year (June 1) and begin enforcement. The new bus stop within the cul-de-sac will begin at the beginning of the 2017-2018 school year (Sept 2017).

The bus company would also like to meet with someone from the city and designate the location and mark the location with a sign installed by either party.

In the event there is a car or two in the cul-de-sac, they will work around it.

Everyone on board?

Subject: Marschall Road at Garden Lane Bus Stop

Bruce,

I attached an e-mail I received regarding the bus company's concern and desire to look at options for this bus stop.

Please add to TSRC Agenda.

Thanks,
chris
