Request for Exception to Ordinance

DATE: June 8, 2017

TO: Michael Kerski – Shakopee Director of Planning & Development
David Kriesel – Shakopee Building Official

FROM: Eric Munt – Shaw Lundquist Associates, Inc.

RE: Shakopee High School Additions Working Hours

Dear Mr. Kerski,

We are requesting an exception to Shakopee Ordinance 130.45(C)(4) Construction Activities, specifically weekday working hours 7:00 am to 10:00 pm. Our request is to extend the construction activities hours from 6:00 am to 10:00 pm through summer break, at which time we would re-evaluate and submit a new request should it be necessary. Our request is due to the short timeline we have to maximize the completion of certain construction activities while students are away. A great deal of this work is performed outdoors, in the summer heat. These workers prefer to start earlier to finish ahead of the late afternoon sun.

Should you deem it necessary, I am available to meet to discuss and/or provide further information. If you need any further information, please let me know. I can be contacted at emunt@shawlundquist.com or 651.202.0722.

Sincerely,

Eric Munt
Project Manager
