

CITY OF SHAKOPEE
MEMORANDUM

To: Darin Nelson, Finance Director
Mayor and City Council Members

From: Jamie Polley, Parks and Recreation Director

Meeting Date: July 13, 2017

Subject: Parks and Recreation Advisory Board 2018-2022 Park CIP
Recommendations

Subject:

The Parks and Recreation Advisory Board (PRAB) reviewed the proposed 2018-2022 Park Reserve and Park Asset funds on Monday, July 10, 2017 and have made recommendations to the City Council.

Policy/Action Requested:

Consider the PRAB's recommendations pertaining to the 2018-2022 Park Reserve and Park Asset Funds.

Recommendation:

Complete the requested action.

Discussion:

The PRAB reviewed the Park Reserve Fund and moved to recommend the projects proposed in the following priority when funding is available (1 = top priority):

Park Reserve CIP

1. Quarry Lake Park Phase 2 (scheduled for 2017 but dependent on additional park dedication fees.)
2. Quarry Lake Park Phase 3
3. Jennifer Land (completed by developer with the housing project)
4. Tahpah Park 12-13 year old ballfield
5. Huber Park Shelter
6. Savannah Oaks Trail

The PRAB recommends that the City continue to pursue funding options for the 169 pedestrian overpass. They would then give higher priority to the Savannah Oaks trail construction over the Huber Park shelter if it were to assist the city in scoring higher for trail funding.

Park Asset Fund

The PRAB recommends the Park Asset plan as presented. The City Council is asked to review the existing and plans for the Lions Park warming house. In addition, the PRAB recommends that public input is considered when replacing playgrounds.
